The Adventures

Experience the thrill of driving a formula car on a famous racetrack!

Introductory Programs

Half-Day Racing Programs

Our most popular program! This course allows anyone to see what it takes, and try their hand at, driving a Formula race car around the track. We start with a class on the techniques used to control a car on the track at the limit, followed up with demonstrations and practice in our Volvos. Then after a short introduction to the race cars and safety flags, it's off to the races! Two 20-minute racecar sessions, for a total of more than 30 laps on the track!

One-Day Racing Programs

For those who want more of a good thing! Very similar to our Half-Day program but with more detailed instruction, tougher critiquing and TWICE as much track time! Four 20-minute racecar sessions for a total of more than 60 laps on the track!

A Race Driver For A Day!

We Provide Instruction, Racecars, Racetracks, Driving Suits And Helmets. You Only Need Experience Driving A Standard Shift, Sneakers And Gloves.

①

A textbook allows you to familiarize yourself with the program ahead of time.

②

Upon arriving at the racetrack you get dressed in a specially designed racing suit and a full face helmet.

③

Then you attend a short class session explaining the racecar and the principles of high speed driving!

④

Next you are behind the wheel of a Volvo Turbo practicing driving through the corners on the proper line!

⑤

You are now ready for the most electrifying driving experience you could ever imagine!

⑥

There are no speed limits, no on-coming traffic, just you and a racecar that handles better than anything you have ever driven before.

⑦

The open cockpit, reclined seating position, small steering wheel, and the roar from the unmuffled exhaust adds up to give you the thrill of a lifetime!

⑧

It's incredibly exciting! You leave with a big smile, a true sense of accomplishment, great memories, and a Certificate of Achievement to hang on your wall!

Here's What They're Saying About Us...

- "Way better than the NASCAR experience. Here you actually learn driving technique, as well as having fun." **Sarah, Newark, NJ**
- "I liked the relaxed atmosphere. Instructors are friendly, helpful, and encouraging – Makes me want to take the three-day school." **Tony, New York, NY**
- "Unbelievable! It went way beyond my expectations of what I'd get in a half-day school." **Justine, Reading, PA**
- "I bought a one day as a gift for my boyfriend. I didn't know if he'd love it, but look at the grin on his face!" **Michelle, Baltimore, MD**
- "Nothing like it; it's the ultimate Xsport. Bring on the next level!" **Bryan, Cleveland, OH**
- "V.I.R. was a blast. Now I'm gonna try BeaveRun." **Ahmad, Richmond, VA**

The Schools

Learn the skills of driving at the limit!
The Grand Prix Driving Technique
The Fastest and Safest Way To Drive a Racecar!

3-Day Road Racing School

This course is the cornerstone of our school. 3 days of intense training on how to drive a car at the limit. No rev-limits are ever imposed and passing is allowed from the first session. You progress at your rate.

Day one starts off with a short classroom followed immediately by a track session in our patented slide cars. Then some demonstrations, followed by class time and on track practicing with our Volvo 40 series cars. After a short introduction to the race cars and safety flags, we finish the day with two race car sessions.

Day two is more classroom, demo, street car or slide car, and four race car sessions! Always adding and building onto previous knowledge. Learning the theory and then applying it on the track. Practicing and perfecting the skills required.

The final day is spent on advanced techniques. A slide car session and five race car sessions, working on those things that cut the last little bit off of your lap times.

Learn the techniques that made our school famous and to this day, sets it apart from the pack: Ocular Driving, the Auto Pilot, Rotational Turn In, Line Recovery, Slide Control, Heel and Toe, and Creative Visualization.

2-Day Advanced Competition School

This course has a prerequisite of our 3-Day Road Racing Course, or similar experience. Emphasis is on passing, drafting, race starts, qualifying strategies and racing tactics. You'll be wheel-to-wheel and nose-to-tail with the instructors as they show you the safest and most effective passing techniques.

The second day is held like a race day. Practice, qualifying, practice starts and two 8 lap races. Each track session is preceded by a class explaining the techniques to use and the goals to shoot for in that session. It's like attending your first race with instructors watching and helping every step of the way.

This is the most comprehensive and advanced program found anywhere in the world. You will find it an incredibly exciting and inspiring learning experience, whether you do it as a hobby, or intend it as a profession. Successful completion of this course fulfills all of the requirements for an S.C.C.A. license. The use of on-board video further enhances the educational process.

2-Day Rookie Camp

This is the most advanced school in the world, and draws both new and experienced drivers. Here, we forego the "shotgun" approach to teaching, and replace it with fine tune coaching, aiming at the specific needs and issues of each driver. Instructors run with students during day one, analyzing technique, race craft, mental attitude, race strategy and other subjects, using innovative techniques to help students reach the next level. On day two students apply their new knowledge in a day of highly competitive and intense driving and racing. It includes practice, qualifying and 3 Races. Prerequisite; 2-Day Advanced Competition School or racing experience.

The Roos Racing Series

Our Racing series allows you to race without having to buy and maintain your own racecar! We provide coaching, racecars, racetracks, pit crew, driving suits and helmets. You compete against other drivers in identically prepared Formula 2000 racecars. The races are held at Pocono, V.I.R., BeaveRun and Moroso. Each provides for a different test of skills and abilities. A raceday includes a drivers' meeting, instruction in the Volvos, practice, qualifying and TWO races. The Roos Racing Series provides you with the maximum racing experience for the least amount of money. It's the ideal vehicle to practice Winning!

Revolutionary Slidecars

In the Slidecars you experience, in slow motion, what it's like to drive a racecar at it's limit. Here you learn how to avoid losing control when the rear end starts to slide. You recognize the early warning signals in the seat of your pants, and catch the slide by applying opposite steering, and then using your Ocular Driving to steer the car out of the slide, without deviating from the race line.

Other Programs

Two-Day Precision Highway Driving Course

If you are looking to improve your road driving skills, this course is for you. It will help you to be prepared for the unexpected, and will give you an awareness of the limits of your car and yourself. Learn why cars go out of control, what to do if it happens, and how to avoid it from happening in the first place.

Vehicles used are the new Volvo 40 series road cars and Bertil's Patented Slide-cars. Topics covered include proper driving techniques, smoothness, car control, vehicle dynamics, proper use of vision and much more.

The V.I.P. Corporate Racing Adventure

Add Excitement To Your Next Business Event

A Corporate Racing Adventure is a powerful way to motivate and reward people important to your business. We treat your guests to an extraordinary experience in the racecars. In the process they have great fun and learn advanced driving skills useful in everyday driving. It's an exhilarating adventure that certainly will be appreciated and talked about for years.

For more information, please call 1-800-722-3669 for a detailed brochure, or ask to speak to our Corporate/Group liaison.

Winning Gift Certificates

Give The Thrill Of A Lifetime! Easy To Order!

Call us with your needs.

We'll be happy to explain the programs available. You can pick the type of school you wish to give and the recipient can pick the date and/or type of driving they wish to do.

Certificates may be upgraded to any program.

Instructors always available to talk.

A gift that will thrill ANY enthusiast! It includes a Souvenir Gift Certificate, a brochure and a textbook.

Easy To Sign Up!

Just call us with the following information:

1. The program and the date of your choice.
2. Your name, address and phone number.
3. How you want to pay the deposit.

We then mail you the confirmation package that includes a preparation handbook, directions and all relevant information.
